

Fusion™ KayGel

Breathable, heat-dissipating material

Fusion™ KayGel is Kayfoam's high-density PU foam with the dual benefit of a supple, comfortable feel and open-cell breathability. Ideal for the top layers of sleep surfaces to provide superior body cushioning and enhanced airflow comfort.

- Kayfoam KayGel is an advanced PU comfort cushioning material designed to enhance sleep comfort.
- An open-cell design with superior airflow properties.
- Breathability of the material helps to dissipate heat and moisture.

Breathable Material

Superior airflow helps dissipate heat and moisture

Bedding Applications: Block | Sheet | Rolled | Sub-assembled | Fully finished
